CLEAR THINKING

SOLUTIONS

YOUR MANAGED SECURITY SERVICE PROVIDER

A business built upon trust,
where your business needs come first.

Established in 2009, we have the drive and know-how to deliver clear IT and Communication solutions that will transform your business, helping it move forward more productively, securely and compliantly.

Our team's focus is on preventative solutions that resolve high-level business challenges proactively. We fully support our customers to grow and achieve their business goals.

A Positive Partnership

We are a strategic partner of choice because of the productive relationship we build with our customers. Working in a positive partnership means we are able to focus on your whole business, delivering secure technology across every department from the start.

Our customers are driven by the need to find an IT solution provider that has the in-depth expertise to deliver a high standard of compliance. We provide this with a dedicated five-star service, every step of the way.

The result is that our customers are confident that their businesses are securely supported, operationally compliant and fully equipped to face the future.

"Clear Thinking have delivered strategical consultancy to our fast growth medical recruitment company from the start. I cannot imagine a more trusted technical partner."

**Jonathan, Founder,
Medsol Healthcare**

SECURE AND COMPLIANT IT SUPPORT PACKAGES

Professional IT Support that delivers on outstanding business security

The experts at Clear Thinking are aware of the challenges that businesses often face when attempting to safeguard their IT systems in a fully secure manner.

We appreciate that businesses do not always have the technical expertise or the appropriate resources to implement the systems and processes needed to adequately address these challenges today.

Clear Thinking has created the necessary support package frameworks that are able to directly address these challenges.

Our approach covers the ten steps to cyber security that are advised by the National Cyber Security Centre as a minimum.

CYBER ESSENTIALS SUPPORT

- ✓ Cyber Essentials support & certification
- ✓ Annual vulnerability assessments
- ✓ Quarterly reporting
- ✓ Managed technical support
- ✓ 24/7 server support & monitoring
- ✓ And Much More

CYBER ESSENTIALS PLUS SUPPORT

- ✓ Cyber Essentials Plus support & certification
- ✓ Quarterly vulnerability assessments
- ✓ Quarterly reporting
- ✓ Email advanced threat security
- ✓ Office 365 back up
- ✓ And Much More

CUSTOMISED COMPLIANCE SUPPORT

- ✓ Cyber Essentials support & certification
- ✓ Monthly vulnerability assessments
- ✓ Monthly reporting
- ✓ Office 365 back up
- ✓ Advanced server performance monitoring
- ✓ Data breach response
- ✓ And Much More

"We've experienced outstanding security support with Clear Thinking. Our partnership enables our business, our clients and their customers to benefit from secure systems."

Paul, Head of Technology,
Regis Mutual Management

CYBER ESSENTIALS CERTIFICATIONS

"Being the person that brought Clear Thinking onboard is brilliant; within DWD I get the praise for their competence and hard work."

Alan, Partner,
DWD LLP

Clear Thinking are Cyber Essentials Certified and working towards a ISO27001 certification.

We believe it is in our customer's best business interests to be working within these guidelines. Partnering with Clear Thinking will result in a managed security service provider that will give your business the level of protection needed to safeguard you from the vast majority of cyber-attacks.

Our security team will also address other areas such as meeting with GDPR compliancy. With proactive, compliant support you can focus on your core business goals, while reducing costs and experiencing heightened productivity and security.
